## *Acknowledgements*

Perhaps you sent a lovely card, or sat quietly in a chair. Perhaps you sent those beautiful flowers that we saw sitting there. Perhaps you spoke the kindest words, as any friend could say. Perhaps you were not there at all just thought of us that day. Whatever you did to console our hearts we thank you so much for whatever part.

# My Mom in Heaven

They say there is a reason, They say time will heal;  
Neither time or reason Will change the way We feel.

Gone are the days we used to share, But in our  
hearts you are always there. The gates of memories  
Will never close; We will miss you more than  
Anybody knows...

We love and will miss you everyday Till we meet  
again

Always & Forever

Your daughters -Monique and Cierra

In my younger years I never quite understood why my life was  
turned upside own in just a blink of an eye, but I realized over  
the years that you had to give me up in order for me to grow  
up and I want you to know that I'm okay with that. I am so  
happy that I got to spend time with you and for that, I will  
cherish and value our time for the rest of my life.

Love Always,  
Your Son -Aaron

I have no special words to say, only that I will miss you each and everyday. You was the one stepchild that excepted me from day one, and I truly appreciated you for that. My blessings is that you know how I felt about you while you were here. I am gonna truly miss you Crystal.

## To My Special Aunt

I don't know what I did to deserve a special aunt like you. Someone who always loved me no matter what I did. Its so nice to know that you was there for me in the good times and the bad, to laugh with me in happy times. You cheered me when I was sad. I had no say in choosing you, you've been there. With all the memories you became more loved and dearer, in my heart. I'm going to miss you so much aunt. I loved when we lived together we had each other. I don't understand this but I love you!

Love Lavoria

## You Are In Our Hearts!

We thought of you today, but that is nothing new. We thought about you yesterday, and the days before that too. We think of you silence and after after we speak your name. Now all we have are memories and you in a picture frame. Your memory is our keepsake. God has you in his keeping and we have you in our hearts.

# Sis, Please Tell Me This Is A Dream

My dearest daring sister, how can I find the words to say to tell you how I miss you throughout each single day. I'm going to miss our little chats. Who's going to listen the way you did, We had a bond that I don't have with no one else. Anytime that I was going through something you always cheered me up somehow. You and Lavoria was my first friends and now the both of you are gone. Living life without you is going to be very hard to bare, and I would give all I have to wake up to see you standing there.

Love Tarsha
