

## *In Loving Memory*

### **Kellyism's**

"My kids call me the Cadbury Egg. All hard and crusty on the outside - All gooey in the middle."

"I love your guts."

"Do ya think?"

"You may not like me, but you will never forget me."

"Hope can make a very tough situation endurable. Hope can be very powerful moving forward. Hope gives you something happy and healthy to look forward to. Where there is hope, there is faith, where there is faith, there are miracles. Expect the miracle."

"I believe in repentance. I believe in the power of forgiveness. I believe in the atoning sacrifice of our Savior Jesus Christ, and I believe in redemption because I have experienced it in my life."
