# MY JOURNEY THROUGH LIFE

To my brother Robert. I really enjoyed our last conversation about God, love, forgiveness and going to heaven. Now I see why our conversation was very important. I am going to miss your smile and dressing like Cedric, the entertainer. Love always your baby sister.

Jamie & Dennis Terrell

Another limb has fallen from the family tree.

I keep hearing a voice that says:

'Grieve not for me'

Remember the good life. I lived while I was strong  
my mind is at ease, my soul is at rest.

Brother I miss you dearly. But I'm gonna keep  
my chin up, until the day comes when we're  
together again.

To my Little Brother

Hi, my baby brother. I wonder if you know that you mean the world to me and how much I love you. As long as I am living I will protect you from the fear. As long as I am living you can call me and I will be there. To me you are so important and I hope you know this as truth. Because I am your big sister and I look out for you, we get through it together. Because we all we got, you're my little brother and I love you so much. Until we meet again.

Love Tootie 4ever.

When you met our mother there was no way to know,  
that over time we'd love you as the years would come  
and go. You took the time to show us just how kind and  
sweet you were. And when we embraced your love

how much it meant to you. Although we had our  
differences your love grew to mean so much to us.

Having to say goodbye so soon still feels unreal and  
cruel. Knowing we held a special place near, and dear  
helps ease the pain away. Now you're watching over us  
in the special place. And when we look high above you  
don't seem as far away.

Love your bonus daughters  
Shannon, Shantel, and Sherelle
