Derek Hawkins, Son - Dad always repeated his Grandfather Northstrom's advice; "Keep moving, keep learning and watch what you eat." I've always been listening, Dad. I love you.

Joni Hawkins, Wife - The loss of Jeff is so personal and all encompassing. I am overwhelmed. In the last few days, I was reminded that it is not the grand moments but hot tea at night, breakfast on Sundays, and new songs shared on the couch. He was a big guy who leaves and even bigger hole. "Here in my heart I give you the best of my love."

"Here in my heart I give you the best of my love."

Pat Kelly, Drummer from Zeabra - Jeff would start telling dumb drummer jokes anytime he could in front of people. I would always remind him that the Drummer is always the coolest! And there was always the China Grove intro during band practice that he would always stop the song and tell me I wasn't coming in on time. And some of the times he might have been right. But we ALWAYS had a good time!

But we ALWAYS had a good time!

Gary "Songster" McCray, Music Unlimited Friend and Customer - Jeff was the Best Friend any Musician ever had. If a Player, needed some special kind of equipment and if it wasn't in the store or his private collection, Jeff would say, "Give me a few days and I will get it for you." Jeff had a special connection with every player from an old "has been" like me...to the latest new kid tuning up for a dream gig. Jeff was there to support and supply and not to mention a down to Earth everyday true friend. He was always there for all my years on the road, Jeff would tell his crew, "Give it to him!" Jeff needed it for his musical stories! Thanks Jeff, because of you we all got to play our TUNES!
