

# *In Loving Memory*

## **Dear God**

Look down upon us here  
And lend a helping hand.  
To comfort us the long year through  
That we might understand.

Death called you now,  
You could not stay  
And took our dear Mother away.  
God must have needed her up there,  
And left us all seeking for comfort in prayer.  
  
Though we are lonely through the long days,  
Wonderful memories we will always praise.
