# Tribute

*"To know him was to love him"*

Christon Alexander Patton, age 42, passed away on December 15, 2024. Though soft-spoken by nature, Christon had a presence that was deeply felt and a personality that left a lasting impression on everyone fortunate enough to know him. Christon had a sharp sense of humor and a laid-back charm that made people feel instantly at ease.

Even if years passed between visits, reconnecting with him felt effortless—like no time had gone by at all. He was the kind of person who could say very little but still make you laugh, think, or feel understood. Above all of this, he was a Christian and was baptized at Mt. Calvary Baptist Church in Knoxville, TN. Though private in many ways, Christon had a wide range of interests. He loved Basketball and had a natural talent for it. He was an avid fisherman and also had a love for traveling and discovering new places, always appreciating the chance to explore somewhere unfamiliar and experience life from a different perspective. For those who truly knew him, Christon's greatest strengths were his loyalty, kindness, and wit.

His ability to make others feel comfortable, to lift spirits without effort, and to quietly lead by example will be remembered by all who had the gift of knowing him. Christon was a gifted scholar having graduated from Powell High School as a 4.0 student. Though his time with us was far too short, Christon leaves behind a legacy of connection, joy, and lasting memories. His spirit lives on in every laugh shared, every road trip taken, and every Georgia Bulldog victory cheered with heart.

Rest well, Christon. You are deeply missed, forever loved, and I will see you in Heaven someday.
