

Marriage

*A marriage is measured by more than just years-
it's measured by living, by laughter and tears.
By good times, contentment, and dreams that come true,
and also by hard times that love brings you through.*

*A marriage is greater than simply the sum,
of all you've accomplished and how far you've come.
It's people whose lives you have touched in some way,
and values you've stood for and lived day by day.
A marriage is measured by lessons you've learned,
examples you've set, and respect you have earned.
It's forged in the balance the two of you find,
in partnership, friendship, and love all combined.*

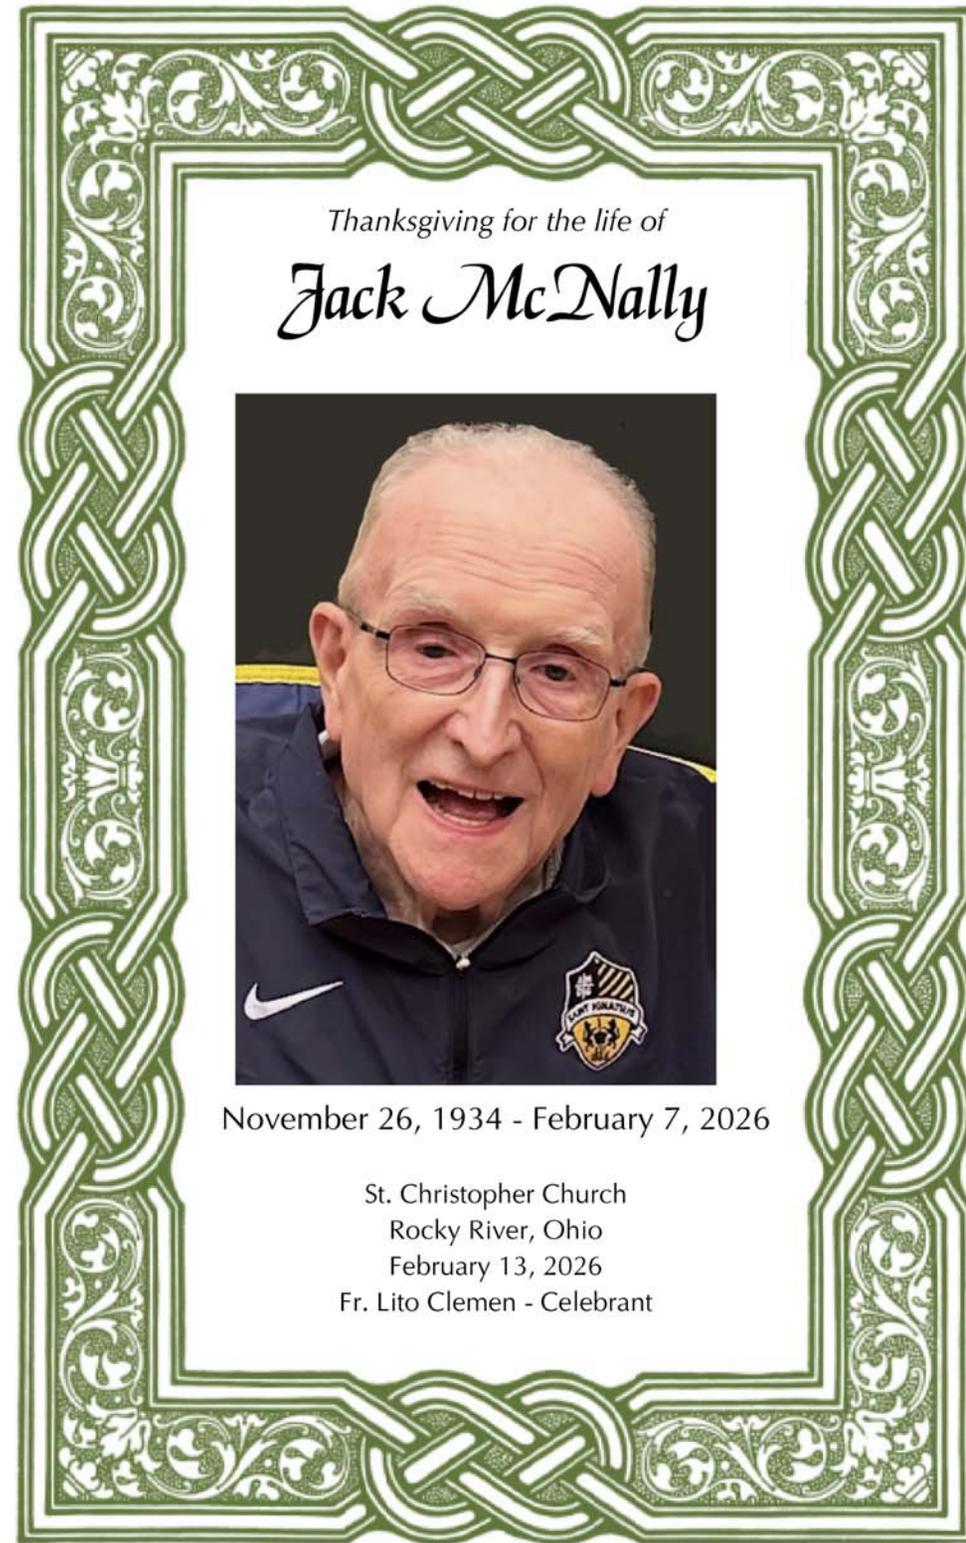

Dear Family and Friends,

We would like to thank all those who have shown such love and kindness during our time of loss. Your love, support, and presence mean more to our family than words can express.

We especially want to thank and acknowledge all of the caregivers at Ennis Court, who supported Jack and our family over the last three years. In addition, for the many friends who stopped in to say hello, share a story, or a bit of laughter with our Dad. You brought so much joy to him and great comfort to our family, knowing how he was deeply loved by many.

Please join us at Brennan's Party Center (13000 Triskett Rd.) following the service and burial for a time to share stories and celebrate the wonderful life of Jack McNally.

"Keep the Faith",
The Family of Jack McNally
