

A Better Place

*Your light no longer shines on earth,
but glows in Heaven's skies.*

*While Heaven is rejoicing,
tears are falling from our eyes.*

We love you beyond measure.

It's so hard to let you go.

*We are going to miss you
much more than you could know.*

*You touched the hearts of everyone
on earth you ever knew,
with acts of love and kindness
which are typical of you.*

*The memory of your life
will remain forever dear.
The world is a better place
because you tarried here.*
