-TRIBUTES-

To my one and only baby girl
I remember the doctors telling me I was pregnant with a girl. It was the most exciting moment in my life. When I first laid eyes on you it was love at first sight. I love you from my womb and I will always love you. When you left me, my soul left with you. I will miss our talks, our outings, and time spent together watching our favorite TV shows, you tasting my food telling me it's "its good ma", or you calling my name. Oh lord, how I'm going to miss your presence in the house. I will miss your beautiful eyes and your smiling face. I will miss the selfies and pictures that we always take of me. Just looking in on you watching you sleep. Mommy will always love you and miss you with all of my heart.

**Love Mommy,
Until we meet again**

**To my one and only baby girl Madyson
Our Broken Chain**

I knew little that morning that God was going to call your name in life. I love you dearly. In death, I will do the same. It broke my heart to lose, but you did not go alone, for I went with you. The day God called you home, you left me precious memories. Your love is still in my guide and though I can not see you, you are always by my side. Our mommy and me chain is broken and nothing seems the same, but as God calls me, the chain will link again.

Love Your Mommy

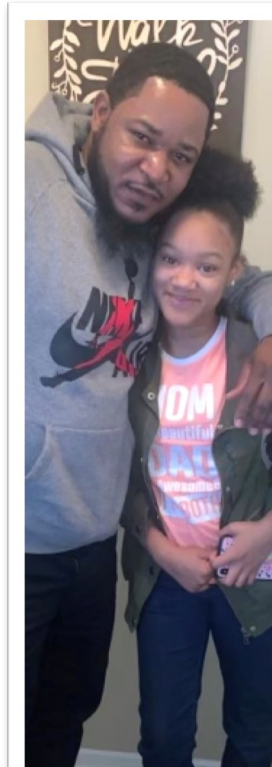

Never Say Goodbye
There can be no goodbyes for us
It'd be too painful, dear
Our connection still lives on
Although you're far from here

I miss the times we once had
But one day once again
I'll hold you close and laugh with you
I just wish I knew when

Each moment till that day arrives
Until my time is through
I'll miss you more than words can say
And always think of you

I'll look for you among the stars,
In each of dawn's pastel sky.
And whisper words of love to you
But never say goodbye.

From: Daddy

~TRIBUTES~

Lord, All I can say is my baby is gone but god needed you more my heart hurts but all I can do is pray for strength. So happy I was able to spend so much time with you all the memories we have together.

Madyson you was my baby before I had my own you will always be my baby I love you so much. I remember when I was in high school you would stay up all night with me why I talk on the phone. If I was going somewhere you was right there. I'm going to miss them pretty eyes that beautiful smile.

Me n Oakland will always love you Mady.

I Thought Of You Today

I thought of you with love today, but that is nothing new. I thought about yesterday, and days before that too. I think of you in silence I often speak your name. All I have are memories in a picture in a frame. Your memory is a keepsake, with which I'll never part. God has you in his keeping, I have you in my heart.

From: Grandma Pam

To My Grandma, As I Sit In Heaven

As I sit in heaven and watch you know with fines that I never went away. I hug you as you look at night and I tell you that it's going to be all right. So go now, live your life to the fullest and rejoice that I am now free, and remember that with every breath that you take you'll be taking one for me.

**Love you, Grandma Besseie
Till we meet again**

Forever In My Heart

I often lie awake at night when the world is fast asleep; I lay in my bed thinking about you with tears running down my face. I called upon the Lord to take this pain away. Remembering you is going to be easy, I do it every day; but missing you is the heartache that will never go away, of all the blessings, however great or small, to have you for a niece was the greatest one of all.

**Love you, my second daughter,
Your Tee Candy**

My baby Maddie, you hurt me so badly. It hurts so bad because I used to see you every day. I remember you and me going to get food and I bought you some cookies from McDonald's. I can never do that with you again and know that cut me the deepest! I am going to miss coming home and finding you in my room. Maddi was my baby, she was always going to let me know that she loved me and wished for me to be safe. If I were gone from home too long, she would text me trying to find out where I was. She used to stay up at night and wait until I came home if I stayed out too late texting to see where I was. Baby, I miss you.

Your Cousin,

Buster

I remember the day you saved your Tee on the stairs. I couldn't make it and there you appeared like an angel. After you made sure I was settled, I gave you a hot \$20. You went away very happy because it added to your shopping money. No more coming to see you when you visit for the summer trips, I can't believe this is real still. Lord, just be with my baby sis. We weren't ready but God was, so, while I wait, keep an eye at the door for me.

~ TRIBUTES ~

My God Child

*When days got dark, God sent us a light.
A brightness and warmth that made everything feel alright.*

*Pain after pain, feelings grew worse and worse.
Until we found a love so pure, you were our first.*

*When nights became silent, no laughter, no sound.
God sent us a voice so full of life, so loud.*

*Sweet little lamb, so meek, so mild.
You taught us the love of God Parents and child.*

*When we could not feel, so numb to this place.
Spirits were reawakened by your touch and embrace.*

*Still, a sweet little angel, as time passed and you grown.
God missed you so much and wanted you home.*

From: Dennis and Ashley

Niece

*Of all the many blessings
However great or small
To have had you as a niece
was the greatest one of all
N-natural, your distinctive brown & eyes
I- intelligent, smart beyond your years
E- elegant, your natural beauty and your love for it
C- calm, peace in a loud room
E- energetic, your vibrant spirit and bear hugs
Being all those things our only wish would
be to see your beautiful face again!*

**Love your aunts,
Jamecie, Ashley, Lakendle, and Purshi**

I'm Home

Now I am gone, release me, let me go! I have so many things to see and do. You mustn't tie yourself to me with tears; Be happy that we had so many beautiful years I gave to you my love. You can only guess how much you gave to me in happiness. I thank you for the love you have shown, but now it's time I travel alone. So grieve for me a while if you must. Then let your grief be comforted by trust. It's only for a while that we must part, so bless the memories within your heart. I won't be far away, for life goes on; so if you need me, call and I will come. Though you can not see or touch me, I'll be near, and if you listen with your heart, you'll hear all my love around you, soft and clear. And when you must come this way alone, I'll greet you with a smile and say "Welcome Home"

**Your Sweet Angel,
Madyson
Love you, Mommy & Daddy**

Your Never Said Goodbye

*You never said I'm leaving,
you never said goodbye.
You were gone before I knew it,
And only God knew why.*

*A million times I needed you
A million times I cried.
If love alone could have saved you,
You never would have died*

*In life, I loved you dearly,
In death I love you still
In my heart, you hold a place,
that no one could ever fill.*

*It broke my heart to lose you,
But you didn't go alone.
For part of me went with you,
The day God took you home
From: Wanda, Lisa, Tracey, Terrell*

I miss you now & forever! Our bond could never be broken or replaced. My hope for you was a life of true happiness. You're gone, but will forever be in my heart. I will miss our day-long phone calls and your laugh, but I know I will see you again!

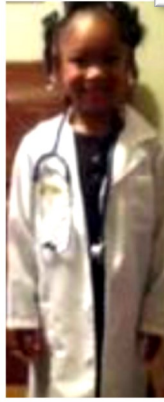

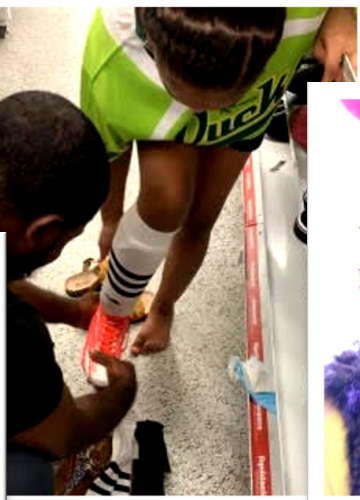

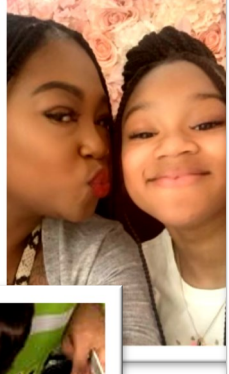

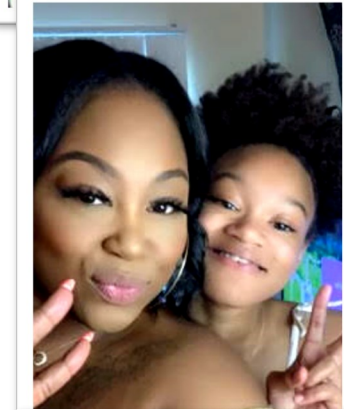

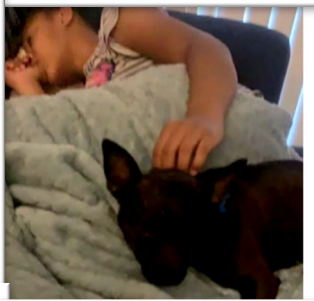

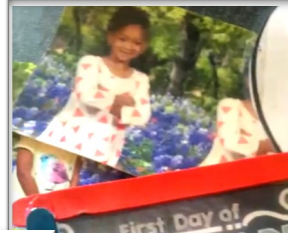

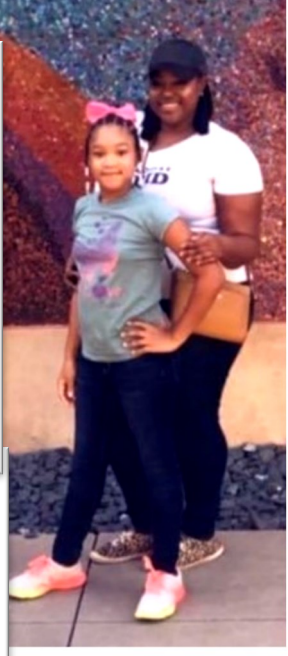

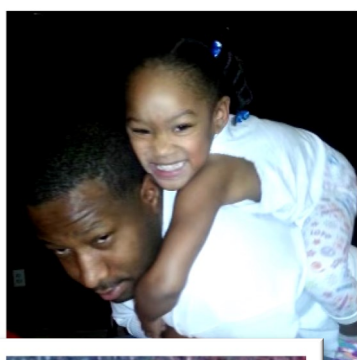

-Love Whitechi

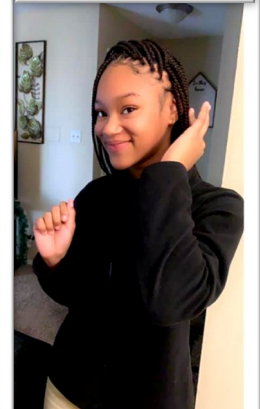

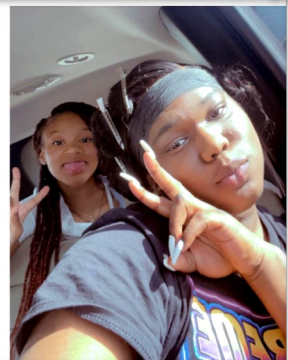

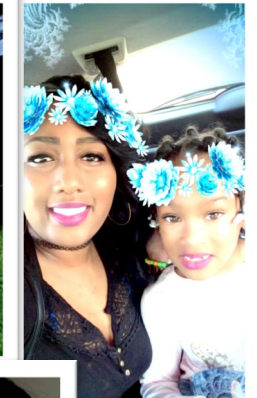

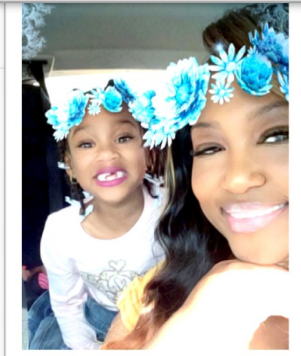

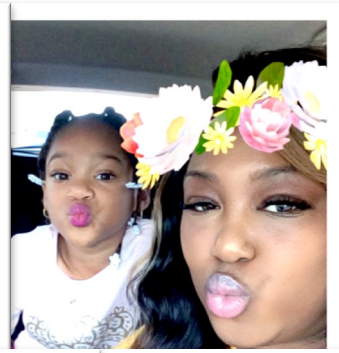

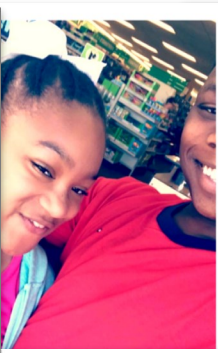

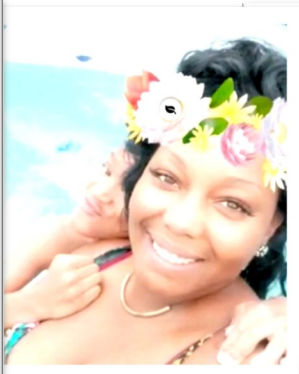

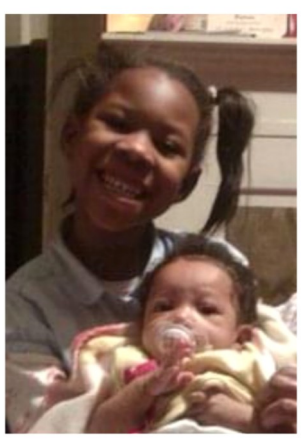

Dear Maddi...

You left me so early... I remember when you, Whitechi, and I were at Tee Candy house just having fun and laughing. We had our arguments, but it didn't break our bond. I miss when we were laughing and when we would always say, "Goodnight, love you" every night, but now we can't. Maddi, I miss you so much. I didn't expect this to happen, but until we meet again, we will always think about you. You will never be forgotten. We hold you close to our hearts and hope that you will remain to walk and guide us through our lives until we meet again
