

*Beneath the Utah and Idaho's sky so blue,  
Rides a cowboy whose heart was true.*

*From bucking broncs to lakes that gleam,  
He chased the wind, He lived his dream.*

*Snow on the mountain, water that sings,  
He carved his joy on fleeting wings!*

*With a smile worth a million, fierce and kind,  
A tougher spirit you'll never find.*

*Now that heavens rodeo calls his name,  
But our adventures we shared remain the same.*

*In every sunrise bold and new,  
"It's a beautiful thing" still echoes through!*

*Rest in peace my friend!  
I will love and miss you!*
