

*Our Dear Baby Girl,*

*How we long to hold you and see your little fingers curled around ours.*

*To finally watch Adeline hold her little sister; the baby we have been excitingly talking about.*

*We have been practicing burping and rocking her baby dolls, waiting for your arrival. I know Adeline would have beat me getting to you when you started crying; giving you the best hugs and kisses trying to comfort you.*

*I know your Daddy was excited to take his "girls" fishing. To take you on his famous "Daddy Daughter Date", which is a drive in the truck, on the gravel road, with no seatbelts and you have free reign to mess around and do whatever you want in that truck with Daddy. To go to town with him to get bug juice and to go on lawnmower rides.*

*I long for all the kisses and snuggles we won't have. Having a girls day, cooking and baking for Daddy. Watching you make messes. Missing you just being our little girl.*

*You are loved by such a huge wonderful family. Amazing aunts, uncles, so many fun cousins, and the best Grandpas and Grandmas.*

*Your Daddy and I long to join you one day in heaven and join you in Jesus's arms!*

*Come quickly Lord Jesus.*

*You are forever in our hearts!*

*We love you so much!*

*Love, your Mama and Daddy*

## ***My Precious Child***

*I'll never know why you had to go away.  
Without a sound, or a word  
I knew that you were Heaven bound.  
But you did not leave alone,  
for when you left this earth you  
took a piece of me.  
I can picture you in God's Nursery,  
with smiles on your face,  
sitting on Jesus' knee,  
a part of my heart will be  
with you forever.  
Till the day we meet again--  
my sweet child,  
I hold, in the other part of my heart,  
the memories that have been  
and they bring me such pure joy.*
