

IN LOVING MEMORY

“Resurrected Being”

Resurrected being all so sublime this resurrected being  
is also a good friend of yours and mine.

His birth and resurrection was foretold since the  
beginning of time.

The first great step for all mankind.

Yes, that wonderful, thoughtful kind man bridged the  
gap of mortal time to life eternal, that they too will be  
resurrected at their appointed time.

Thank you Father for that Son of yours and friend of  
mine.

Thank you Lord for your blessings all the time.

Have a Happy Easter.
