

*In Loving Memory
Floyd Burud
1937 ~ 2022*

This single rose signifies there is but
one God and one Heaven.
It's many petals remind us of the many mansions
in our Father's house, one for you and one for me.

It is our prayer and our belief that Floyd
(Father, Grandfather, Brother, Uncle, Friend)
has reached that mansion prepared especially for him.

With Sympathy and Love,
