“Tributes”

Son, I wish I could wake up and see you standing there.

Then I would know that it was just a nightmare.

Son, I remember when you were small and how you would hold my hand,

and as you grew older you became my best friend.

Son, I have 31 years of memories that I will treasure and keep safe in my heart.

We share a bond that time and distance can never break apart.

Son, oh how my heart aches so.

I would love to have you back and never let you go.

Son, where there was happiness,

now there is sadness.

Son, how I long to hear your voice and see your beautiful smile

and have you back for just a little while.

Son, until that day I see you again,

I will look to the sky and search among the stars for my son and best friend.

Love, Mom

To My Little Big Brother.....

I hear myself saying, “Stooopppp Steven.....gone on now.....get off of meeee....“ What I would give to have you here with me.... to push my buttons the way you do..., for me to hear you laugh and say stop crying big baby.... Now I have the memories of you.... memories of me fussing at you... memories of you calling just say I love you.... Now I have you watching over me..... I know you are laughing at me right now saying stop crying big baby..... So I'm not going to stop fusing at you.... you better watch over us and you better get you some rest. Steven I love you in this life and the next!

Dearest Brother,

You once asked me what would you do without me... but we never considered what I would do without you. You and I were never big on mushy words or displays of affection. You would say "alright Sue Mae, I love you"; then I would pause and say, quit being weird. We would say something sarcastic to one another, laugh, and hang up. But I knew, you knew, and everyone around us knew that I very much so loved you. You were my partner in crime, my one call that's all; my protector, my personal comedian, my business partner, my shoulder. I loved you more than words could describe. Losing you so suddenly made me realize that maybe I don't need alot of words to describe it and should just say it; I LOVE YOU TOO. Then, now, and forever. Always remember you're the ONE and NEVER the two.

Your Baby Sister

“To Our Brother”

We hope you're shining in paradise as you've shined on our lives. It's a proud sight to see our little brother who looked up to us throughout life branch out and become his own man. You were a great father, brother, cousin, uncle, and friend. We had a great ride together brother. It saddens us that it had to end so soon. Although our hearts are heavy we'll take comfort in remembering the great times we had and never letting go of the love and joy we shared. We'll forever keep your memories alive our brother, and one day we'll shine together again in paradise. We know Jeremy glad to see you and ya'll hold our places. Until we meet again. We love you forever.

Your brothers, Travis, Mike, and David

“To My Dearest Brother”

It’s still hard to accept that you are no longer with us. You had so much life left to explore and enjoy yet it was stolen from you. I know God makes no mistakes so I will forever remember and cherish every memory we encountered. I love you forever.

Tanisha

Steven,

I loved you in life, and I love you still, No matter how many days, months, or years pass by, I always will. You broke my heart, I don't know if it will ever heal. I’m confused, I’m, lost, I’m hurt, I don’t know how to feel. On August 16th, you asked me to be your wife. We made a promise to be with each other for life. You left me out here alone. I’m usually so strong but not this time. What do I tell our son when he is looking for his dad, or when he says call you, or ask where you’re at? I’m broken, you promised you’ll never leave. Now I’m forced to let you go. The memories we have, I’ll cherish them forever! I’ll make sure our son will never forget that you were the best, always there, and loved him unconditionally. You can enjoy your new journey knowing he’s in good hands! He is the son of a king and a wonderful man. Even though you’re not physically here, you’ll forever be in my heart. My Angel, my knight in shining armor, watch over me and save me a spot!

I love you so much. Forever Nicole Wolfe

Dear Dad,

I will miss you. I know you would not want me to be sad, you would want me to remember our good times together. So that is what I will hold on to. I love you. Forever your baby girl

Jameriya (Buggy)

Dear Dad

I'm going to miss you so much. I’m gonna miss the many memories that we share. You are the best dad in the world. I love you.

“To my Dad”

Dad you were my best friend. You were my real life super hero. All of this is confusing to me. I am use to calling you, seeing you spending time with you, and you showing me unconditional love daily. Now, all I have is memories, Even though I don't understand, I know I now have a special Angel that will forever hold my hand, I love you and miss you twin...**Doodle**

Dear Steve,

We wanted to start off by saying how grateful we were to have you in our lives. We all had plenty of fun and had plenty of laughs and memories that will last us for a lifetime. We cherished every moment with you like it was our last. We love you so much and we will continue to take care of our little brother and be the best big brother and sisters ever. Your name will forever and always live thru us! TheYoungRichFamily 4L. Sincerely, **Monte, Kiara, and Aniya**

Jahmir, Amir and Jahzariah

Hey Uncle,

You will be missed! From the times when our dad couldn't, you made a way for us, Like a second dad. The love never stopped. Your smile, your jokes and your laughter will forever live through us. All we have left are memories. Our hearts bleed out for you daily, you were the best thing that has happened to us and now your are gone. Please watch over us.

We love you. Micheal's girls

“My Unc Pitts”

I remember when you first took me under your wing, you put me on so much games.. I’ll never forget those nights we sit up talking and coming up with different ideas to get some money, but you always had a plan. But I didn’t know the plan was that you was going to leave me like this. That phone call was so unreal till I didn’t really believe it. The moment that I saw you I was hurt, knowing I couldn’t save you hurt me the most.. my Partner in crime is gone. You had so much going on... you didn’t even get to finish what you started. I love you and I am going to always keep your name alive.

“To my Brother”

Steve, blood couldn’t make us any closer, 20 plus years we became best friends. We were inseparable, you treated my mother like she was your own. The love was genuine we shared. We went through a lot together, good times and bad times. When I needed you, you were there with no questions asked, and vice-versa. We told each other everything and would always check on each other’s well-being and after every conversation we always told each other “be safe and I love you brother.” My soul hurts to know you no longer walk the earth with me. Just know I will always keep your name alive #LLRP

Love, your brother, Johnathan JJ Bosley

My Brother Joe

Where do I start? We have grown from little boys to men. We did everything, I mean everything together. If there was something I couldn't do or was going through you was always there. It was vice versa! Now who am I gone call to get a good laugh/cry etc??? You were always there to save me, sorry I couldn't save you.... We've had each other for life and it'll continue in the afterlife! Look over my loved ones for me, and I'll do the same for you! I love you Joe!

Pittsburg...

The biggest Giver! The man would give u everything including a headache...if “do too much” was a person. My best friend, my twin. I had a lot of my Firsts with him. All he wanted to do was Pop It...he would always tell me, “Migo look where we came from. I’ma put it in the face every chance I get.” We challenged each other intellectually on everything... gave flowers before death. “The Bad Twin” is wat’ I called him, but he was a real Gem. To know him is to love him. A part of me will forever be gone, but I’m glad you, the one who took it. I understood him like no other and that’s why we was twins. I love you 4 life and after.
