*"In the presence of death,
we must continue to sing the song of life.*

*We must be able to accept death and go
from its presence better able to bear our burdens
and to lighten the load of others.*

Out of our sorrows should come understanding.

*Through our sorrows, we join with all
of those before who have had to suffer and
all of those who will yet have to do so.*

Let us not be gripped by the fear of death.

*If another day be added to our lives, let us joyfully receive it,
but let us not anxiously depend on our tomorrows.*

*Though we grieve the deaths of our loved ones,
we accept them and hold on to our memories as precious gifts.
Let us make the best of our loved ones while they are with us,
and let us not bury our love with death."*
