It feels strange writing in the guest book of someone I never met, but that goes to show the enormous influence the Holy Spirit had speaking through Charlie. Our children are the exact same ages/genders as Charlie and Erika's, so I can't help but feel a spiritual connection between our families. Our hearts go out to his family and friends - I hope you always feel the love and support of your brothers and sisters in Christ.

I will never forget. Thank you for encouraging conversations - for that is what truly educates others. It gets people to thinking for themselves and digging in deeper to form their own opinions. I'm devastated that we live in a nation where this kind of tragedy is celebrated by hateful people that are so closed minded and insecure in their own beliefs that they silence someone rather than allowing others to hear and make their own opinions. Charlie Kirk WELCOMED opposing views and got people talking. He brought issues to the forefront that people aren't generally comfortable speaking about openly. How on earth will we ever heal our nation if people of differing beliefs aren't allowed to co-exist. This SHOULD BE a major sign that there definitely needs to be a real Turning Point before this nation divides permanently. Read the final chapter in THE BOOK. Everything going on now was foretold so many many years back. Stick your head in the sand if you must, that after all is your choice. But I for one will be doing what I can to carry Charlie's light forward. He was doing it for ALL of us. Believers or non-believers.

In my mind, your life had nothing to do with politics..it wasn't a fight between right and left or republican and democrat.. It was a fight between good and evil..how courageously you championed the Truth! We love you Charlie..peace be to your darling family as they struggle to heal and to go on fighting for Love and Truth. Charlie loved you 3 so much!

I had the pleasure of meeting Charlie when he was 18 years old and starting his famous organization.

He has always been brilliant, kind and humble.

It breaks my heart to see the negative things people say about him, because he was full of love and forgiveness. His main mission in life was to share The faith that he lived every day

Until we meet again, and I know we will, rest in our Lord's loving arms

Charlie was an extraordinary servant of God who spoke only truth with respect and kindness. He was a much needed voice in this chaotic and divided world. His beliefs will continue to inspire the change we need for generations to come. I pray that with Charlie's messages and God's guidance that his supporters will continue forward with the mentality that "We Are Charlie Kirk". My prayers go out to his family. I admired Charlie Kirk for the way he got the most out of life. In a relatively short life, he lived it to the fullest and made an impact on the lives of so many. Erika,

I am so sorry for your loss. My thoughts and prayers are with you and your children during this difficult time.

I only came across Charlie recently. His faith, truth, courage, determination, and facts pulled me out of a dark place in my life. Being stuck in a country with no identity (Canada), seeing Charlie speak gave me hope, hope that I had lost years ago. When I saw the horrific news I was absolutely mortified. At first I was in denial, then shock, then disbelief.

I could not fathom how someone could so recklessly take another person's life just for his free speech.

That day the world lost a truly bright light in this dark world.

I will be forever grateful to Charlie and the impact he's had on my life.

This Friday I am getting a tattoo in his honor. It was my dream to meet Charlie.

His voice and legacy will live on.

Forever in our hearts.

My deepest condolences go out to you, your children, and all his family and friends

To Charlie's wife, children, family, and friends,

My heart aches with you in the loss of Charlie. Though his time here on earth was far too short, he lived with a purpose and conviction that touched many lives, including my own. I know that he was a man of deep faith and unwavering love for his country. He was a true man of God and a patriot in every sense.

His life, though brief, was powerful. He stood for what he believed in, loved others well, and lived with courage and honor. I pray that you find some comfort in knowing that his impact will continue to be felt, and his memory will live on in all who knew and loved him.

His legacy of service-both to God and to this great nation-will not be forgotten. May we find peace in knowing that he has now entered his eternal home, welcomed with the words "Well done Charlie, good and faithful servant."

Please accept my deepest condolences! You and your family are in my thoughts and prayers during this time of loss. May the Lord give you strength and comfort, and may His presence be especially near in the days to come.

With deepest sympathy and prayers,

Alison
