

An Epitaph and Glosa to Grandpa

By Scott Glen Foster

Moments in time, all reflected.
Intentionally selected.
His epic story projected.
A life well lived all connected.
Together we have collected.
A proud man who's well respected.

Hard work and pain will soon present.
Invested time is all well spent.
Love what changed you, never lament.
Perseverance, we won't relent.
His strength helped keep our wills unbent.
He taught us to live with intent.

His guidance never leads astray
Share all the love you can convey
Righteous morals free of decay
Honesty, truth, always obey
And be who you wish to portray
His lessons practiced day to day.

Love life free as a caribou.
Endless advice all tired and true.
A goal everyone should pursue.
For now, memories will make do.
His teachings make us feel anew.
We cherish what we learned from you.

A proud man who's well respected,
He taught us to live with intent.
His lessons practiced day to day.
We cherish what we learned from him.
