# Demetrius

## JAMES JOSEPH

Demetrius James Joseph graced this earth with his presence on March 4, 1973 in Houston, Texas, to Larry and Barbara Joseph.

Demetrius, affectionately known as DeeDee, was the older of two boys. He attended Sterling High School, followed by Texas Southern University, where he earned his Bachelor of Science in Industrial Technology - Drafting and Design.

DeeDee was a dedicated educator for several school districts including Houston ISD, Arvin ISD, and Pasadena ISD. Screen acting and modeling were always his passions. DeeDee's legacy will include his ability to bring every character he played to life. His debut film was Black Cowboy, where he portrayed an outlaw posse member. DeeDee's film credits would include roles in more than 20 movies and television shows. Though the curtain has closed on his earthly performance, the memory of his artistry will live on forever.

Beyond the spotlight, DeeDee was also known as a fitness and wellness enthusiast. Health and wellness were not just hobbies but a way of life. Whether it was weight training or encouraging others on their fitness journey, DeeDee inspired many with his dedication.

Although DeeDee was from Houston, his favorite football team was the Dallas Cowboys. He was the biggest Cowboys fan ever and wore that badge of honor proudly despite growing up with a dad who rooted for the Oilers and later the Texans.

Though his time with us was far too short, DeeDee left behind a legacy of love and strength that will continue to inspire all who knew him. His memory will forever live on in our hearts, and his spirit will guide us always.

He departed his earthly life on Monday, September 22, 2025. He is preceded in death by his maternal grandparents, Nurry and Beatrice Noel, and by his paternal grandparents, Adrian and Ethna Joseph.

He is survived by his beloved children, Dylan, Dorian, and Aubree Joseph; his parents, Larry and Barbara Joseph; his brother Adrian (Caroline) Joseph; his sisters Alexis and Jasmine Joseph; his goddaughter Layla St. Julien, and a host of relatives and friends.

DeeDee's presence and his passion for life, acting, modeling, and family will be deeply missed by all who knew and loved him, and he will never be forgotten. He is now starring on the biggest stage in heaven.

Closing Words & Closing Prayer

Closing Song: Smokey Robinson - I Love You Buddy

Dear Son,

We are truly heartbroken. Children are not supposed to pass away before parents, but a rot in the natural order of life. However, as Christians, we will not question God's will. You were needed in heaven more than on earth, and we find comfort knowing you are with our father. Mom will miss our daily calls, and Dad will miss your resurrexibility. You may have left this world too soon, but you know you were very loved. We may never find words beautiful enough to describe all that you meant to us, but we will spend the rest of our lives searching for them. We love you.

Love always, Dad and Mom

Dear Dad,

I miss you a lot, I wish you could have seen me grow up and become a good person. I know you were going to be a big movie star and be in a DC movie, but I guess God decided to take you early, but you were the best dad anyone could ask for and I lived all the memories we had together. Going to movies, parks, and to work other things will always have a place in my heart because I loved going with you. I will always be a sucker for you because of you and always love DC and Transformers. I wish you didn't have to go, I feel like you should have stayed with me longer, but I guess God had different plans and I pray you are in heaven, living with the boys and I will come meet you one day. You made me a better person and helped me through tough times. And I will listen to Michael Jackson for the rest of my life. I really hope you watch over me every day and are proud of me. I want to make you proud and go to college and become a lawyer. I was so sad that you left me but I know it was your time lady. I will miss you. I become a good person and always remember the things you tell me. I love you a lot, and I hope you are in heaven living a great life with so much love. I love you and I hope you watch over me forever.

Your number one daughter,  
Aubree ♥

Dear Dad,

I'm sorry for everything. Nobody is perfect, including you but you tried your best. I wish that I never had the opportunity to verbally express my feelings face to face, but I pray that your heart felt my love. I will treasure all the memories we formed throughout the years, especially our car rides together to school when I was young. I know I wasn't the easiest person to deal with, but no matter how I acted, you never stopped loving me. I will cherish all the lessons you taught me and the values you instilled in us. You were hardworking and always cared for your family. Losing you has left a big hole in my heart and has already taught me a lot about life. My biggest regret is that you will not be here to watch me accomplish my goals. I promise I'll make you proud down here and will take care of my little sister and family. I miss you and will love you forever, papa.

Love always, Dorian

Daddy, I'm so sorry.

You deserved much better than this. No matter what differences we may have had or one thing I can never take from you is that you were always there for us. Through it all, no matter what, you were left us, and now we have to learn to live without you. You were the strongest person I've ever known. I've experienced the things you went through because I was there through it all and I seem you pull us and yourself out of the most stressful times. I hope that this happened. If anyone ever assumed to achieve her dreams, it was you. You had unbelievable confidence, determination, strength and an unwavering belief in yourself. I've never seen anyone who believed in themselves more than you. You taught us to be strong, and I understand now what needs to be done. You raise your best, and I'll forever appreciate that. You can rest easy later because I know now what I need to do. I got it from here, and I promise you that I'll live my life being a man that you can be proud of. Rest in paradise, daddy. I love you. Please watch over us until we meet again.

Love,

Dear DeeDee,

I still can't believe you're gone. It feels unreal, and my heart is heavy knowing you were taken from us far too soon. Being the younger brother was not always easy, but I made it through. I will always cherish our childhood memories, especially our love of comic books, action figures, and '80s music. You weren't just my older brother, you were the uncle to my two daughters, Leah and Jazze. I wish you had more time to create lasting memories with them like we did. I will admire most the love you had for your children Dyan, Dorian, and Aubree. They were your heart, your greatest joy, and your proudest accomplishment. Although you had great taste in music, your taste in football teams was horrible. I still cannot believe you were a Dallas Cowboy's fan. Despite this lack of judgment, I still loved you. I promise to look over your children and check in on mom and dad daily. Please say hello to our grandparents and all the other loved ones there with you. Please don't make them watch all the movies you acted in one sitting, spread it out. I love you, Dee Dee, and I will miss you.

With love,  
Your brother, Adrian

Dear Uncle DeeDee,

Even though we did not spend a lot of time together in recent years, your presence still left a lasting mark in our lives. The times we did share together were always fun and meaningful, and we will cherish those special moments forever. Losing you suddenly has reminded us how important family is and that tomorrow is not promised. We will miss you and will watch over our knucklehead cousins.

With love,  
Leslie and Jazze
