Remember Me

Remember me with Joy, not tears
for all the love through all these years.

Be grateful for the time we had
Cherish those moments - don't be sad.

I lived a life both full and bright.

With days of laughter, love and light.
My days were rich, my heart was wide.
A life well-lived, with you beside me.

Don't linger here in grief or pain,
Go live your life, and smile again.
Carry our Love, but don't stand still -
Find joy ahead, I know you will.

Though I am gone, I'm never far,
I'm in our heart, your guiding star.
I'm in your laughter in your tears,
I'll be your light, throughout the years.
