TRIBUTES

You took a piece of me with you the day you left, leaving me unable to catch my breath. This isn't how it was supposed to be! The world carries on like nothing has happened, but not me. I'm stuck in this uncomfortable place of pain that no one can see. I ask God to bring you back as I fall to my knees. Tossed to and fro in a raging tide of emotion; without you, I'm just so lost and broken. I can still hear you calling my name, then reality sets in and I'm reminded my life will never be the same. You will always be my glue, Themla to my Louise, my rider for life. I will always love you. Love Your Daughter ~ Dani

We knew little that morning. Not knowing that God was going to call your name. In life we loved you dearly. In death we do the same. It broke our hearts to lose you, You did not go alone, For part of us went with you, That day God called you HOME. You left us Joyful, Peaceful memories, Your love is still our guide. And though we cannot see you, You are ALWAYS at our side. Our family chain is broken, And nothing seems the same, But as God calls us one by one, The chain will link again. I will always love you Moma Love Your only son ~ Duke

The day you left and gained your wings my heart just broke into pieces. I wish you could have stayed with me. But heaven needed you, you left me with memories we shared and I love you dearly. Still no matter how much time goes by you know I forever will. You were a very special person not only to me but to everyone with so much kindness in her heart and the love we had together only grows stronger now that we're apart. I know I cannot bring you back, Although I wish it every day A piece of me went with you the day you went away. I know you can still hear me, so please know this is true that everything I am today is because of you. Until we meet again. Love Your Baby Girl ~ Ieisha

I thought of you with love today, But that is nothing new. I thought about you yesterday, And days before that too.

I think of you in silence, I often speak your name. All I have are memories, And picture in a frame.

Your memory's my Keepsake, With which I'll never part God hand-picked a Angel To keep in his garden, And, I will always have you in my heart.

Love Your Mom

To My Loving Sister Missing your smile, your voice, your sense of humor, your charm, your wit, your way of making everything better. Mostly, just missing you.

Love Your Sister Barbara & Family

To My Dear Sister The moment I realized, my sister just died. My hands cradled my face, and I frantically cried. Why did this happen, and how could this be. She had so much to live for, we could all clearly see. My heart simply dropped, and felt a sharp pain. My tears fell instantly, like a severe August rain. I was truly lucky to have a sister like her. Countless others, nod and concur. I will miss our talks, and her comforting voice. And those random moments, where we'd mutually rejoice. Rest in peace, Sister and best friend, My deepest love, to the sky I shall send.
