To my Father

Thank you so much for sticking around I never really saw it but I see it clearly now on how much you loved me and the family I created. The world changes from year to year, our lives from day to day, however the love and memory of you shall never pass away. I'll always have that memorable moment when my siblings and I were young and it was just a few days away from Christmas, and we just had a tree but all I remember was you going outside and coming back boxes after boxes filled with gifts the gifts was out the door. An we was so happy. Thank you for saving Christmas that day!! Love you Asia G.

Even though you were not my biological father, You were still there being the best father you could be for us and I'm glad you was! I'm sure you was there for my first steps and first words so you earn that title (father). We went through our ups and downs but you never stopped being there and loving me as a father would for his child and I just want you to know I love you and will always love you as my father! You are with Nana, Dominique.

Cliffy & Roni watching over us and I know you wouldn't want us to hurt but it will whenever I see a picture or think of you because you was my father!

Love you and rest in peace. Your Son, Carl

Grandpa you'll be missed dearly. I remember them days when you would bring me to the park to play ball and your jumpshot was ugly, but it was chicken that's what got me mad. I'll never forget how you always smiled.

and laughed even when you had no teeth talking about some just wait till my jawns come in! You loved grilling and had the best burgers. I couldn't tell you that because I was lowkey hating. I'm still the better grillar! As a

kid you always spoiled me, gave me money on the low even when I didn't know what to do with it. Nana and Nana would get mad when you did that. You didn't care, you always made sure I was straight. You had me from start to end. I love you deeply for that, can't stress that enough! You

bought me more things about life than you realize and I'm utterly grateful. I miss and think about you everyday, my light in the dark. You helped me find my path in this world. Your first grandson will never forget you. I

know you'll be watching over all of us. Forever loved. Never forgotten! I'll never forget everything you done for me real easy. While ur up in heaven

try and put a good word in for me, ps your first jayvon

Dear grandpa, knowing your not on this earth seems unreal. I never thought the day would come like how it did. Your smile always brought amazing energy, and lit up every spot in the room. Your jokes always made me laugh. I

never really looked at it as I'm not spending enough time with you nor not making memories with you until you was gone. Now I sit back and wish I could go fishing with you once more and see that beautiful picture you painted for yourself. I love you grandpa I wish to see you again. Llyv

To my dear husband,

We had 32 truly joyful years of the deepest love.

The happiest marriage, and truest partnership

that I could imagine. You gave me the

experience of being deeply understood, truly

supported and completely and utterly loved -

and I will carry that with me always. Your

absence is deeply felt and I long for the day we

will be reunited.

"If I had a flower for every time I thought of you,

I could walk in my own garden forever."

Your forever love, Daisy Cox
