In Loving Memory - Forever Ours

Once, in the heart of summer, on August 5, 1985, a wonderful soul entered the world in Salt Lake City, Utah. She was named **Jenice Kristine Allred**, daughter of Ren and Kathy Allred, and from her first breath she carried with her a light destined to shine far and wide. Her adventure began at one week old by travelling to Turkey, with her family, and like a story carried on the wind, it wove through the deserts of Arizona, the gentle hills of Virginia and the mountain valleys of Utah. Wherever she went, Jenice left behind the shimmer of her spirit laughing, leading and weaving joy into the lives of all who knew her.

She gave her gifts generously. For more than 20 years, she worked with skill and caring in the field of dentistry, first crafting smiles as a technician, then guarding them as a dental fraud analyst. Her deepest calling was one of compassion. With a heart open to others, she founded the nonprofit, *A Buddy Just Like Me* to support her son and others in a circle of kindness where those walking difficult paths could find comfort, connection and hope.

On her journey she married Ben Watson (later divorced) and together they shared the gift of two sons—McCoy (15) and West (11). The boys are her greatest treasures and achievements, her greatest love and her life's proudest joy, the very stars of her universe. It is here that her story reached its truest glory. She was their champion, their safe harbor and their truest friend. To them she gave not just life, but boundless love, fierce devotion, and the steady guidance of a soul who believed in them completely. They will always be her greatest joy, her proudest chapter and her forever love.

Jenice lived as if each day was a dance, filled with laughter, warmth, and fearless love. Her spirit was free, her smile radiant, and her presence unforgettable. All that crossed her path felt seen, heard and cherished—as if touched by a bit of enchantment. And though the tale of her days among us has closed, her story does not end. Her smile, her laughter and her joy endure—in her sons, in her family and in every life she touched. She is a beloved chapter in a story that cannot be forgotten, a song that continues long after the music has stilled.

For love such as hers is eternal, and though our hearts ache with sorrow at parting, we carry forward the knowledge that this is but a part of her story—that one day, in a brighter realm, we will see her again. She was loved, immensely, by her family!
