

"Mom"

by Garth Brooks

Little Baby told God, hey, I'm kind of scared
Don't really know if I want to go down there
From here it looks like a little blue ball
That's a great big place and I'm so small
Why can't I just stay here with you?
Did I make you mad, don't you want me, too?
God said, oh child, of course I do
But there's somebody special waiting for you
So hush now baby, don't you cry
'Cause there's someone down there waiting whose only goal in life
Is making sure you're always gonna be alright
A loving angel, tender, tough, and strong
It's almost time to go and meet your mom
You'll never have a better friend
Or a warmer touch to tuck you in
She'll kiss your bruises, your bumps, and scrapes
And anytime you hurt, her heart's gonna break
So hush now, baby, don't you cry
'Cause there's someone down there waiting whose only goal in life
Is making sure you're always gonna be alright
A loving angel, tender, tough, and strong
It's almost time to go and meet your mom
And when she's talking to you, make sure you listen close
'Cause she's gonna teach you everything you'll ever need to know
Like how to mind your manners, to love, and laugh, and dream
She'll put you on the path that brings you back to me
So hush now little baby, don't you cry
'Cause there's someone down there waiting whose only goal in life
Is making sure you're always gonna be alright
A loving angel, tender, tough, and strong
Come on child, it's time to meet your mom
