

# ALWAYS THERE

When you remember me please do not weep

My body may not be there

It has chosen to sleep

I'm not far away

My soul lives on looking down, watching over

You and Everyone

And when you feel sad and life seems so blue

Just remember that my spirit has its arms around you

And on those special days,

Times that you wish I could see.

That cool breeze flowing past you...

Well, that will be me so don't be sad

Have no fear

God has taken me under His wing

But I'll always be near

I still watch you every minute, every day

My love and soul are with you

And that's where they will stay.
