Forever Loved

You came into our hearts so small, Yet somehow filled the space of all; A precious dream, a love so true,Our world was changed because of you.

Though we could not hold you tight, You filled our hearts with love and light; From the first moment you were known, A love beyond all time had grown.

We dreamed of days we hoped to share, Of tiny hands and moments rare; Though life released you far too soon, We'll think of you beneath the moon.

No length of time could ever measure The depth of love for such a treasure; For even though we had to part, You left your footprints on our heart.

So rest, sweet babies, soft and light, Forever held beyond our sight; Though heaven keeps you up above, You will be ours—forever loved.

Love, your family

If Love Could Have Saved You

If love alone could save you,
You both would still be here.
If tears could build a pathway,
We'd always keep you near.

We dreamed of all your tomorrows,
Before your lives had begun.
We pictured twice the laughter,
Twice the memories and fun.

But even though your time was brief,
Your lives were not too small.
You changed the hearts that loved you,
And you were loved through it all.

We'll carry you through every day,
No matter where we go.
Our two precious baby boys—
More loved than you could ever know.

Love,
Mom, Dad, and Big Sis
