**DESMOND "ERNIE"
J. CASTEL**

OCTOBER 5, 1986 – MAY 6, 2026

It is with deep sorrow and heavy hearts that we announce the passing of Desmond "Ernie" J. Castel.

Ernie left this world far too soon, leaving behind many who loved him dearly. We take comfort in believing he has entered paradise and has been reunited with his Grandma Lena, Grandpa Dennis, and his best friend Marlon.

Ernie was known for his compassionate heart and caring spirit. He had a special love for dogs and often tried to care for the uncared-for and stray animals in the community. His kindness, humour, and presence touched many lives, and he will be remembered for the love he showed to those around him.

He leaves behind his parents, siblings, nieces, nephews, cousins, uncles, aunties, and countless friends who will forever cherish his memory. He will be deeply missed by his bros Tanner Whyte, Jake Sinclair, Lorenzo Blacksmith, Kevin/Val Whyte, Amanda and the Northern Girls, Dion/Verna Laponsee, Father Vijay, Alex/Bernadette Hart, and his Fortnite family and all those whose lives he touched.

Ernie believed strongly in the words:

"We meet on the other side one day."
♥

Though our hearts are broken, we hold onto those words and the memories he leaves behind.

Family and friends, we gather as we say our final farewell to our son, brother, uncle, nephew, and friend on:
