Connie's words to us.
I believe:

- that we are all connected and what we do to/for another we do to/for ourselves
- there is a higher power that influences our lives
- I will live in the hearts of those who loved me and whose lives I have touched
- above all, my family and friends know I love them and cherish each and every one of them
- that I will somehow join my loved ones who have preceded me in death
- With joy I will continue to watch over those who I have left behind

Connie was preceded in death by her parents, Raymond and Alvina Baseman; her husband, John F Riley; her sons, Jon O and Eric R Riley; her sister and brother-in-law, Debra and Micheal Deason; and her brother-in-law, William L Elm.

Connie is survived by her sisters, Francine Elm, Vickey Palm and her husband Michael; her granddaughter, Aidan Riley; her grandson, Kieran Riley and his girlfriend Ellie; her nieces, Nichole and Melissa and their families; and her nephews, Joseph and Daniel and their families; daughter-by- choice, Jackie and her family; Jon's partner and daughter, Lisa and Riley; and daughter-in-law, Taylor; along with so many dear relatives and friends.

Connie experienced devastating losses yet modeled for us A LIFE WELL LIVED. With humor, compassion, and wisdom, Connie touched so many lives. This world will be a little less bright without her love to shine on us. It is with unmeasurable gratitude for her presence in our lives that we release her to join her loved ones that we believe have been waiting for her. Dance on Connie!
