The "eagle's nest" was a play house built by Pete in 1993 that still stands today. It was built with love, filled with adventure, and a favorite hangout for his children and grandchildren.

On behalf of the family...

To those of you who have come to share in this hour of remembrance; to those who have extended expressions of sympathy and offers of assistance during bereavement; to those who assisted on the program and cared for the flowers and any others who may have helped in any way, Thank you. May we say that your kind expressions of sympathy and caring are more deeply appreciated than any words can ever express.
