This Month...

"10 Things We All Should Know About Funerals and Cremation"

1. How much does a funeral or a cremation cost?
2. Who gets to make the final decisions?
3. Who gets to be in charge when someone dies?
4. Can I insure that my wishes will be respected?
5. Can I scatter cremains on land or water?
6. What happens if someone dies while away from home or on vacation?
7. Are there "green" options available?
8. Celebration of life, funeral, memorial...what's the difference?
9. Can I "protect" my funeral money from nursing homes, health care costs, and other creditors?
10. I'd like to do something special or unique. Can your staff help me with ideas and suggestions?

We'll also address any other questions you'd like to ask.

(This is an informational program. You are under no obligation to use our funeral home, and no products will be sold.)

Please feel free to invite a friend or family member to attend with you.

Please accept our sincere apologies if this notice has reached your home at a time of bereavement or serious illness.
