

To the little soul that had to go, Why life took you I do not know.
It took a piece and broke my heart, when me and you were torn apart.

To the little soul I'll love you forever

I know one day we'll be together.

To the little soul I'll hold your memory close,
this kind of loss hurts the most.

I'll always love you,

I'll never forget

forever my baby now heaven sent.

Mummy misses you and loves you so much, the time we shared made
an infinite love.
