When I Lost You

I wish I could see you one more time walking through the door, see your smile, hear your laughter and even hear your snoring, but I know that is not possible. I will hear your voice no more. I know you can see my tears and you don't want me to cry yet my heart is broken because I can't understand why someone precious had to die. I pray that God will give me strength and somehow get me through as I struggle with this heartache that came when I lost you. I won't worry because we will meet again, this is not the end.

I will miss you dearly my love and my friend, Dodi.
