(To my wife) I will always love you, I could never forget about the life we made together. I hate to let you leave me but I know God will pick up where I left off. Our love was joyous for 27 years while our marriage was joyous for 22. I will see you, today, tomorrow, and forever just like you always said to me. I love you my Queen
Love your soulmate Tyrell
(Your mini me)

My greatest love, the easiest person to talk to is no more in the flesh but forever in my mind body and soul. Those best friend talks, those twin sister moments, and warm tight hugs. I will always hear and feel for the rest of my life. You shaped me into your mini me and I will forever cherish, honor, and rock that role. Your baby girl will represent you with style and grace. I love you best friend, always and forever. Love, your only daughter, **Tymira.**
(Until we meet again)

Those special memories of you will always bring a smile. If only I could have you back for a little while Then we could have those heart to hearts just like we used to. You always meant so much and always will, To My aunt, the fact that you are no longer here will cause much pain but you're forever in my heart, until we meet again love, your niece, **Kiana**

Hey ma! Its your baby boy. I'm missing you boo. Me and your grandbabies will always remember your smile, laugh, caring touch, Love, and affection. You know I can't give them what you gave us baby, but you raised and taught me well. Love and care you spoiled me with, I
