Celebrating the Life of

Sharon Gossett Siever

Footprints

One night I dreamt that I was walking along the beach with the Lord, and across the sky flashed scenes from my life. In each scene, I noticed two sets of footprints in the sand, one was mine, and one was the Lord's

When the last scene of my life appeared before me I looked back at the footprints in the sand. I looked back at the footprints in the sand and to my surprise I noticed that many times along the path of my life there was only one set of footprints. And I noticed that it was at the lowest and saddest times of my life.

I asked the Lord about it. "Lord, You said that once I decided to follow You, You would walk with me all the way. But I noticed that during the most troublesome times of my life there is only one set of footprints. I don't understand why you left my side when I needed you most."

The Lord replied, "My precious child, I love you and I would never leave you. During your times of trial and suffering, where you see only one set of footprints, it was then that I carried you."
