The Golden Thread
I didn't really leave you,
I was just one step ahead.
Waiting here, with you in my heart,
Clutching a golden thread.
That binds us both together,
it shines and it reminds,
That although the wait is painful,
We'll be reunited in good time.
To spend eternity together,
to keep each other close,
To relive the joy that once we knew.
And if God wills, who knows,
That golden thread will run unbroken,
shining throughout time.
Forever there, to keep your heart
Firmly bound to mine.
