Miracle on the Bowen Family Farm

It was a hot summer day in 1943 on our family farm in Salem, Idaho. I was 11 years old and my brother Reed was 9. We had finished our chores and were ready to do something fun to cool off.

Mother gave us permission to go to the small irrigation canal that ran through part of our farm, which is where we would normally go to do our summer swimming. But that day we decided to go to the branch of the Teton river that ran through our pasture. Excitedly, we hurried down to the river. We went to the wide part and started to splash around but before we knew it, the bottom dropped down into a deep part of the river with swirling water and strong under currents all around us. It was pulling us down and neither one of us could really swim. We would drop to the bottom of the river, then push off and try to spring to the top of the water where we would grab a breath of air before going back down to the bottom of the river. I knew in my mind that I could only make it to the top one more time, and that would be it because I was filling up with water and losing my breath.

Before I gathered all my strength to make my last push to the top, I prayed, I "Dear Heavenly Father, If you will save my life, I will always do what's right", I then gave my last push upward through the water, trying so hard to reach the top. I heard my brother Reed yelling at me, "grab hold of this tree branch, Doralee, grab it!" Miraculously, I was able to reach out and grab hold of it while Reed struggled, pulling hard, to drag me out of that fast, deep water to the bank and help me out.

As I lay on the bank on my stomach coughing up the water, I knew the Lord had heard my prayer from the bottom of the river and saved my life so that I could fulfill my mission here on earth. I have tried every day throughout my life to keep my promise I made that day, to always choose the right and do what the Lord asks me to do.

There was no doubt in my mind that it was a miracle, and I have thanked my Heavenly Father many times since for saving my life on that hot summer day on the family farm in Idaho.

My dear family, you are my legacy, my life was for you! Pray always! Miracles happen! Choose the right! I will be watching over you with my tender love and great joy. I will welcome each one of you home when you return to our Savior and Father in Heaven. I will always be near you!

All My Love, Grandma ❤️
