

## *My Father, My Hero*

*You held my hand when I was small,  
And caught me when I'd fall.  
A steadfast rock, a steady guide,  
You always stayed right by my side.  
Your strength, a shield against the storm,  
Your wisdom kept my spirit warm.  
You showed me how to stand up tall,  
And answered every hopeful call.*

*The world you built, a solid base,  
A loving heart, a warm embrace.  
The values that you shared with me,  
Are gifts I hold eternally.  
Though years may pass, and seasons change,  
Your presence will my heart arrange.  
For all you are, for all you do,  
Dear Dad, my deepest thanks to you.*

*I've grown in ways you helped me see,  
And I am who I am because of thee.  
For all the love you freely give,  
I'm grateful for this life I live.  
My hero, confidant, and friend,  
On you, I know I can depend.*
