

*Together from the mountain top
we gazed at city, wilderness and farm.
Where we had trod those many years
But always forward arm in arm.
I feared to face this new unknown
when you went on a head that time,
But I was never left alone.
Another gentle hand held mine.
And then I took that final step,
my journey now complete.
My Savior brought me back to you,
our reunion, Oh! How sweet!*
