Empty Chair

There's an empty chair at the table.
A missing leaf from our family tree.
A break in our family circle.
An empty feeling inside of me.
You've left our family here on earth,
and friends who hold you dear.
You seem to be so far away,
yet seem so very near.
Death separates loving families
and causes hurt and pain.
But God, who gave us families,
will bring us together again.
Every chair will be filled at our table,
all the leaves on our family tree.
Our family circle will be complete,
and how great our joy will be!
