

"To My Mother"

It's important to remember
The fights we never had
And the arguments so rare

For most importantly
You were my friend
With my feelings I could share

A relationship is magical
Especially ours
It was always sweet
Never bitter or sour

So thanks for all the things
That you've done, did and do
You're a wonderful mother
That's why I'm proud to say
"I Love You"
