REFLECTIONS ON THE LIFE OF

Brandi Alexandria Shelmon

Brandi Alexandria Shelmon, 42, was the beloved youngest child of the late Faith and Willie Shelmon Sr., and the cherished sister of Wendy Shelmon and the late Willie Shelmon Jr.

Raised in Compton, California, Brandi received her education through the Southern California school system. She welcomed her first son, Brandon, in 2000, followed by her second son, Willie, in 2002. With the support of her mother and sister, Brandi worked tirelessly to provide a loving home and stable life for her two young boys.

In 2007, Brandi relocated to Las Vegas with her sons and Deverick in pursuit of a better life. Despite the challenges of starting over, she remained determined. In 2009, she gave birth to her daughter, Devernae, whom she adored and spoiled whenever she could.

Brandi began working at Walmart in 2010, where her dedication and work ethic earned her a promotion to assistant manager. Still striving for more, she pursued a new opportunity and was hired by the United States Postal Service in 2017. This became a pivotal chapter in her life. Brandi was proud to build a career with USPS, where she served as a respected supervisor in her final years.

On Wednesday, June 18, 2025, Brandi passed away at Southern Hills Hospital and Medical Center. She is survived by her three loving children: Brandon, Willie, and Devernae.

Brandi will be remembered as a fiercely independent woman who valued her privacy. To those who truly knew her, she had a warm sense of humor and a contagious laugh. She always wore a smile, even during tough times. Brandi had 4 dogs named Faith, Bandit, Lady, and Grayson that she cared for. She also had a special love for shoes—especially her Jordans—and was known as a devoted friend and a well-respected leader at work. A cancer survivor since 2012, Brandi was a true fighter and an example of resilience. Above all, her greatest joy and achievement in life was being a dedicated and loving mother.

She will be deeply missed and forever loved.
