Dedicatory Prayer Josh Boatright

We would like to have you stay for lunch and take an opportunity to hear and share stories about Larry. In true fashion, he wanted to make sure there was a party at his funeral. He so wanted to have a celebration for his funeral that he had asked an Elvis impersonator if he did funerals....This impersonator just so happens to have gone to the same mission as Larry. He is here with us today. The family will be leaving for the graveside service and has asked that those that can, stay and participate in the lunch and celebration of Larry's life.

In Loving Memory Of

Kenneth Larry Westover
