**With Sympathy,
Sally, Sue And Paul**

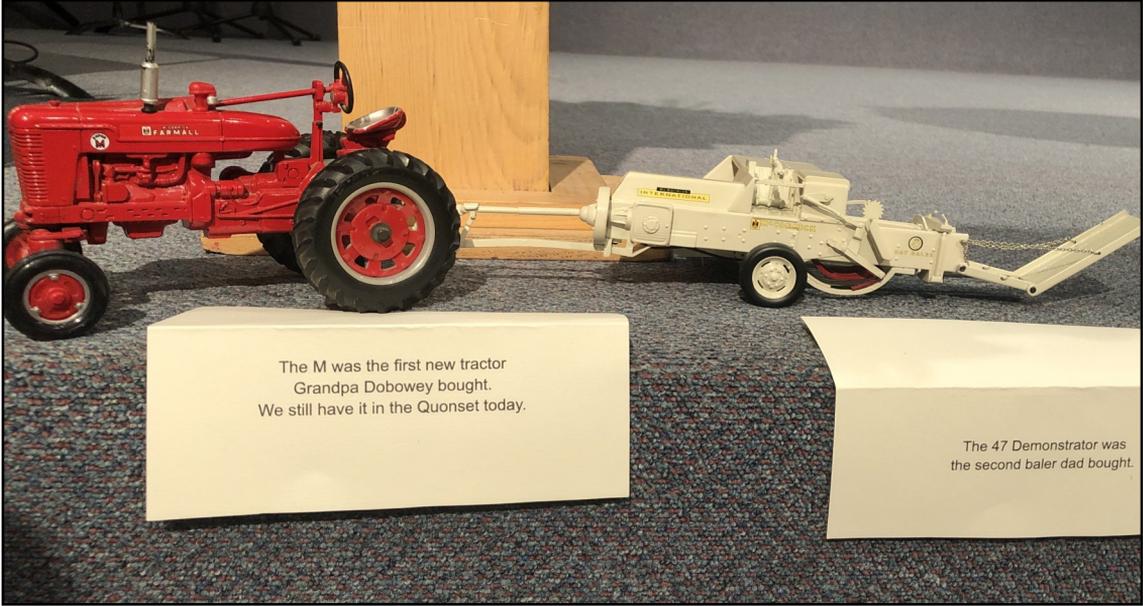

The 875 Versatile was bought by dad and used as the main tractor on the farm for 20 years until 2010.

The 214T was the first square baler dad bought.

The M was the first new tractor
Grandpa Dobowey bought.
We still have it in the Quonset today.

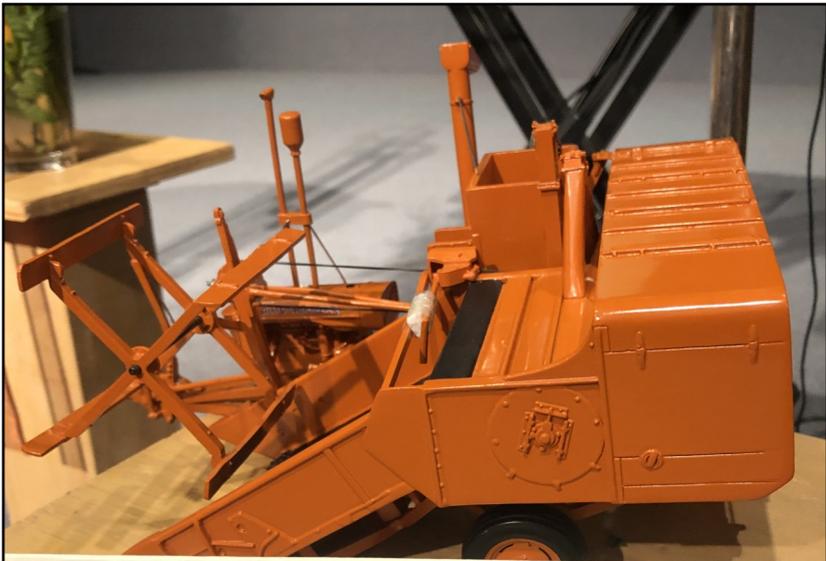

The 47 Demonstrator was
the second baler dad bought.

The Massey Harris Clipper
was the very first combine
Grandpa Dobowey used on
the farm.

Dad's first tractor WD-9

Dad never owned this combine but he bought this replica because he thought it was really cool.
