

Purpose

By James Clair Cantwell, Father In-Law

When we complete our sojourn here;
(The candle of our life is burned.)
Accomplishments that really count
Are how we loved and what we learned.

It won't be earthly power or wealth,
Or accolades of men we earned.
Our real wealth and power lie
In how we loved and what we learned.

So, while we're here, the shallowness
Of worldly things for which we've yearned,
Should make us hope our life reflects
On how we loved and what we learned.

Memorial Service
