

"My Mother"

*Laughter echoed through our days,
With love that will never fade away.
Her blue eyes sparkled, her hair bright like the sun,
Bringing warmth and joy to everyone.
Unconditional love, a guiding light,
She excelled in everything, day or night.
Her kitchen, a place of warmth and love,
Her culinary skills, a gift from above.
Her hands crafted quilts with care,
Each stitch a memory we now share.
Shopping adventures, laughter and fun,
Mom's joy in life touched everyone.
Grandkids' laughter, her greatest delight,
Her love for them, a beacon so bright.
Bear Lake's waters, serene and blue,
Hold memories of times we once knew.
Mom's laughter, love, and gentle grace,
Forever cherished, no one can replace.
Though we miss her every day,
Her spirit guides us on our way.
In our hearts, she lives on still,
Her love and strength always will.
Her presence felt every day,
Guiding us along our way.
Mom, your love was pure and true,
A precious gift in all we do.
Though you're gone, you're always near,
With every smile, in every tear.*
