Antonio Villegas born in Zacatecas, Mexico lived most of his life beside his wife Monica, and two children Angelica Villegas and Victoria Villegas in Vernal, Utah. Antonio worked very hard and provided for his family spending years at Westroc and Spyco Oilfield. He enjoyed fishing, camping in the great mountains of Flaming Gorge and spending quality family time with his grandchildren: Aliyah, Cortez, and Adriel (Chino). Tony had a very loving heart, and grew to have a lot of friendships throughout his beautiful life. He cared deeply for his life partner Monica Hernandez, wife of 28 years. He was a provider, loving man, father, husband, brother, uncle and grandfather. If you knew Tony, he left an impression on your heart and soul. He will be remembered as so and is now resting in peace with his mother Maria Isabel Gonzales, father Lorenzo Villegas, mother in law Cynthia Ramos and brother Jesus Villegas.
