

A Mother's Love

I have seen a rainbow circle across the sky
And I have stood on a mountain
And watched an eagle fly

I have seen trees in a meadow
Shelter a morning dove
But I haven't seen anything
To match the wonder of a mother's love

I have seen a sunset
More beautiful than gold
And I have stood by a rosebed
And watched the leaves unfold

I have seen so many wonders
And blessings from above
But I haven't seen anything
To match the wonder of a mother's love

No, I still haven't seen anything
To match the wonder of a mother's love

Thanks for coming

In Loving Memory

Lillie Mae Williams

Obituary

Lillie Williams was a devoted mother, sister, twin, aunt, and friend whose life was marked by service, strength, and love. A fierce advocate for women and the elderly, she spent many years caring for others as a healthcare assistant with the Council of Elders, where her efforts were recognized with numerous awards.

When asked once how she wanted to be remembered, Lillie said, "I guess I want to be remembered as a good person and a good mother." Lillie was much, much more than that. Lillie Williams will be missed by all who knew her.

Lillie found joy in good food, good music, family get-togethers and church. She will be deeply missed, but the joy and laughter she shared will remain in our hearts as time goes by.
