

Footprints

One night, a man had a dream.
He dreamed he was walking along
the beach with the Lord.
Across the sky flashed scenes of his life.

For each scene,
he noticed two sets of footprints in the sand;
one belonging to him,
and the other to the Lord.

When the last scene of his life flashed before him,
he looked back at the footprints in the sand.

He noticed that many times
across the path of his life,
there was only one set of footprints.
He also noticed that it happened at the very lowest
and saddest times of his life.

This really bothered him and
he questioned the Lord about it.
"Lord, you said that once I decided to follow you,
you'd walk with me all the way. But I have noticed
that during the most troublesome times of my life,
there is only one set of footprints.

I don't understand why,
when I needed you most, you would leave me".
The Lord replied, "My precious, precious child.
I love you and I would never leave you.

During your times of trial
and suffering, when you saw only one set of
footprints,
it was then that I carried you".
