

A Loving Tribute from Her Children

Mom,

Thank you for your love, your strength, your wisdom, and the countless sacrifices you made for our family. You taught us how to stand strong with grace, to love deeply, and to care for one another through every season of life.

Your voice, your laughter, and your presence will forever live in our hearts. Though it is difficult to imagine life without you here beside us, we find comfort in knowing your love will continue to guide us every day.

You were more than our mother—you were our protector, our teacher, our safe place, and one of our greatest blessings.

Today we celebrate your beautiful life, the memories you gave us, and the legacy of love you leave behind.

We love you always, Mom, and we will carry you with us forever.

Your Daughter and Sons

Our mother was a woman of the world. A woman that understood her place on the earth. Her place was to brighten up other peoples' lives and to help others. Our mother was the only one, covering for our fathers and raising us like we had full time fathers. Our mother was never greedy; she did what she had to do. She never did more to gain more. Nothing was above her family.

Throughout anything, Martha was there for us. Yes, she was the true woman of the world. To know her was to love her because she was genuine and always gave you the truth. A fighter, possibly the strongest woman in the world an in heart. Every time she was not expected to do something, she would surprise everyone and do it.

Her beautiful smile and laughter will be missed but they are within all of us. Although some of the great-grandchildren and great-great grandchildren didn't get to know her, they felt the same about this wonderful woman. Martha touched everyone that she met. Directly and indirectly. Our phenomenal mother was a gift to us from God, here to set examples for all of us to live by. Any problem that came into existence, she would solve it and make things better. She was the family and the family was her.

One independent woman didn't let anyone control her and wanted to do everything by herself.

The legacy of our mother will live on in this family forever and will not be forgotten. We have been blessed to be taught and loved by the daughter of the world and one of the mothers of the earth. In all our hearts she will be with us to carry on what she started.

Our mother will live on.

One Love,

For Our Mother,

Her Children of the World
