

A PAUSE IN OUR TIME

I had to leave you and go away for a while,
For now it is time for me to go the last mile.

Please don't think I've left you all alone,
I'll always be with you, so you'll never be on your own.
My body is no longer here, but my memory lives on.

My presence will forever be amongst you,
So continue to live and love carefully, and be strong

Just think of me and the times we shared,
Just think of me and remembered I cared

I had to go and walk with Jesus, my Friend;
But we'll see each other again

You see, this is just a pause in our time together
It is not the end!
