

CIRCLE OF LIFE

Dear Terry,

**In the twilight, did you notice,
The creatures going to their nest.
As the darkness surrounded them,
They were totally at rest.**

**When at dawn the night was over
And the sun came up at last,
To start the Cycle once more clearly,
Life was beautiful, at its best.**

**At birth you had no knowledge of
What lay before you in this life.
But as you grew each day in wisdom,
Like the Zenith in the sky,
God was there for you: for you were born to die.**

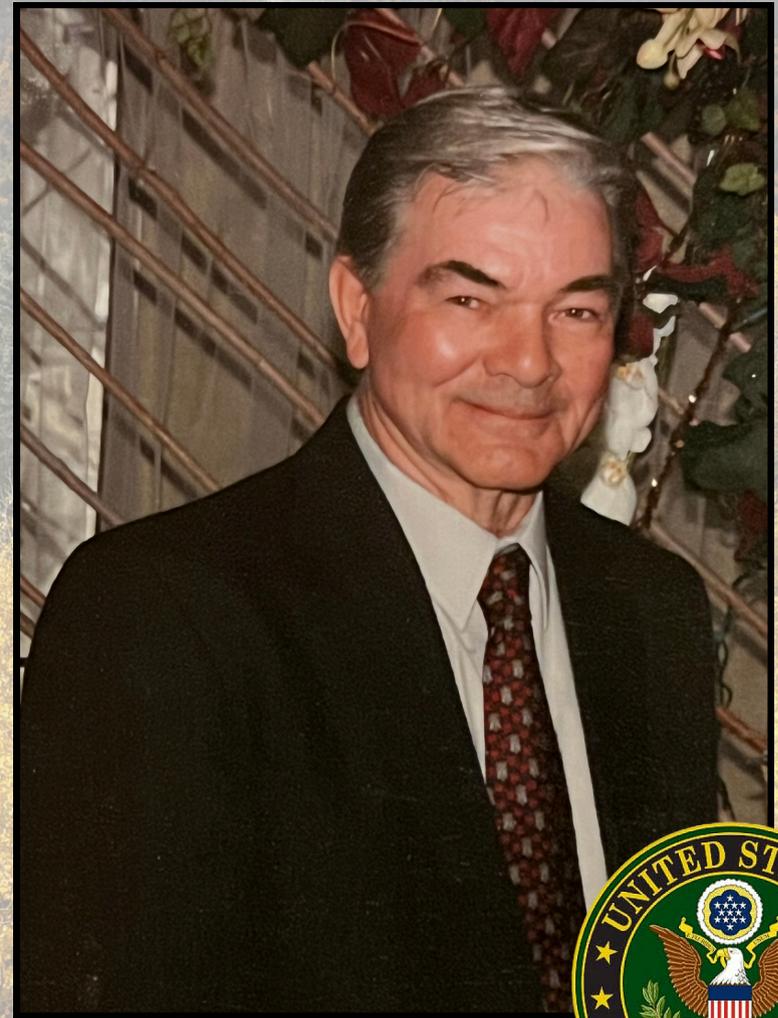

**Like watching in the twilight,
There was a plan for you no doubt.
When you left this life forever,
To the Heavens we did shout.**

**Like the creatures in their nest at night,
You, too, shall rest in peace
When God called your name, before you,
Like a book, your life is there for you to see**

**DeMar Boren
We Love You, dear brother**
